

Rosemary P. Geisler
Senior Consultant

Rosemary Geisler is a business leader who has a twenty five year history in the financial services industry. Many of her initiatives had industry-wide impact by changing the way her competitors went to market.

She began her career at Comdisco Inc., a fortune 500 company. Her rise to division President came as she managed the growth of the equipment leasing portfolio to \$6.5 billion, generating revenues of \$2.1 billion. Her initiatives resulted in 13 quarters of record profits, setting records never again reached in the company. Rosemary identified underperforming portfolios and was successful in profitably selling two of these portfolios to major competitors.

After leaving Comdisco, Rosemary's skills in financial and portfolio management were highly sought after by both medium and large companies. As a senior coach at *The Leader's Edge/Leaders By Design*, Rosemary provides both strategic advice as well as coaching on implementation tactics. Her results oriented approach has proven to be motivational for senior executives, many of whom she has trained in her management style.

She is a current Board Member and former Chair of the Oakton Community College Educational Foundation, Member of the Pastoral Council of the largest Catholic Church in the Chicago Archdiocese. She served as a consultant to the Dean of the DePaul University School for New Learning, a Mentor in the Mentium Corporation "Mentium 100 Mentor Program", and a former board member of an advocacy group for women in distress. Rosemary holds a B.A. in Marketing from DePaul University, Chicago, and a certificate from the Kellogg School of Management Women's Director Development Program.
