

EXCEL

Leadership Development for
Emerging Women Leaders

EXCEL develops the CRITICAL SKILLS that valued leaders need in order to successfully navigate their business environment, PREPARING THEM TO ADVANCE to the next step in their organization.

The 8-month EXCEL curriculum includes:

- Leadership assessments to increase self-awareness
- Three personalized and interactive group skills-building sessions on the following topics: Leadership Identity, Executive Presence and Contributions to the Organization
- Four small group cohort calls to discuss and reinforce the practical application of skills
- Executive business coaches provide the opportunity to discuss individual issues and challenges
- One-on-one conversations for preparation and reinforcement of learnings
- Targeted development plan for each individual with consultant follow-up post program

Key Outcomes:

- Enhanced presence and confidence
- Increased flexibility in leadership style
- Prepared to transition from managing to leading with a 'big-picture' mindset
- Improved influencing and collaboration skills

Who Should Participate?

- New managers
- Senior managers targeted for Director level roles
- Managers who will benefit from learning new leadership behaviors
- Highly-valued emerging women leaders
